Fife Lake Chamber

August 2024

Your Guide to events, programs and news from the Fife Lake Chamber of Commerce and its Members

Communicate

The Chamber offers information and educational opportunities to support local business. We are a critical communications link between our members and issues that impact the business environment, providing an opportunity to make informed and strategic decisions for the future.

Connect

In business, success is often determined by having the right connections. The Chamber provides opportunities for members to make those connections with each other and with resources that advance professional development, the bottom line and the overall community.

Influence

The Chamber takes action to advocate for a business friendly, positive environment. We advocate for issues that build our quality of life and promote economic development and we endorse and support elected officials who share those values.

2024 Best 4th in the North

Thank you to all who participated in our 128th Annual 4th of July celebration! It takes a village – from all of our Best 4th in the North sponsors and our Chamber of Commerce sponsors, the businesses who supported the activities and put out donation containers, the Village market and their customers who “rounded up”, all the volunteers who planned and managed the many activities, and those who sold and bought raffle tickets. Thank you all for working together to provide great Fife Lake memories for our community and our guests.

If you would like to join in the planning for our 2025 Best 4th in the North, please contact fifelakechamberinfo@gmail.com.
